TECHNICAL SKILLS

- **Programming Languages:** C++, Java
 - **Operating Systems:** Linux/Unix, Windows
 - **Relevant Course:** Software Analysis and Design I, II, & III, Computer Architecture I, II, & III, Android Development, Operating System, and Computer Forensics
-

ACADEMIC PROJECTS

- Android Application – NYC for Dummies Summer 2017
Developed an android application using Java and Object Oriented Programming. The app displays tourist images and details about various tourist places in NYC. The data is also stored in a SQL-lite database.
 - Spell Checker using Hashing in C++ Spring 2017
Created an Object-Oriented program which uses Linear, Quadratic and Double hashing to implement a spellchecker
 - Hack it Together Spring 2017
Women's Hackathon at Lander College for Women
-

EDUCATION

- **City University of New York – Hunter College** Expected Graduation: May 2018
B.A in Computer Science Cumulative GPA: 3.70/4.00
 - WiTNY Career Access Program Fall 2017
-

HONORS & AWARDS

- Dean's list at Hunter College Spring 2016 – Current
Awarded to students with 3.50 or higher GPA
-

ACTIVITIES

- All About Apps, Treasurer Fall 2016 – Current
The club's objective is to foster a community where computer science students/enthusiasts can come together and learn. It is also to get students coding outside the classroom while at the same time network with other students and industry professionals. As a club leader, I ensure that those objectives are met each semester.
